

An underwater photograph of a sandy seabed. The scene is illuminated with a deep blue light. In the foreground, several sea urchins are visible, some with bright red spines and others with more muted colors. Scattered around them are numerous dark, oval-shaped shells, likely mussels or similar bivalves. The background shows a large, textured rock formation or cave wall, also bathed in the same blue light. The overall atmosphere is mysterious and serene.

# ALTA VISTA DRAMA CLUB

PARENT MEETING

A promotional image for a drama club production. On the left, a young girl with long, dark, wavy hair, wearing a red and white patterned strapless top and a necklace with a large blue pendant, looks towards the camera with a slight smile. The background is a vast ocean under a sunset sky with warm orange and yellow tones. The sun is low on the horizon, creating a shimmering reflection on the water's surface.
